Welcome to our production of *Disney's Aladdin JR.*

This beloved stage musical, adapted from the animated film, follows the adventures of Aladdin, a street-smart dreamer who discovers a magical lamp. With the help of the Genie, he sets out to win the heart of Princess Jasmine and stop the villainous Jafar from taking over Agrabah. We hope you enjoy our portrayal of this fast-paced and vibrant retelling of this timeless tale — complete with singing, dancing, and a few magical surprises along the way.

As directors, it has been a privilege to share this journey with our two daughters, who have done a superb job choreographing the show. Getting 32 actors aged between 9 and 18 to move confidently across the Repertory Stage is no mean feat. We are incredibly grateful to our team of volunteers and creatives who have helped bring this magical story to life.

Rehearsing with this group of talented and committed young people has been a joy. We are immensely proud of each and every cast member. Now it's time for them to shine and enchant you with their energy, humour, and heart.

Theatre has a special way of bringing people together — performers, families, creatives, and audiences — all united in a shared moment of storytelling. This production is a wonderful example of how collaboration, creativity, and passion can build something truly memorable. So sit back and let us transport you to Agrabah — a place of wonder, adventure, and of course... a magic carpet ride to A Whole New World.
